COLLABORATIVE DESIGN

Idea Idea Idea

Idea Idea → ~~Idea~~ Idea → **IDEA** big! better!

FOR WHAT?

increases design IQ ++

every member articulate

designers: much broader set of ideas

idea → idea idea idea

feelings of ownership

I made this!

less documents
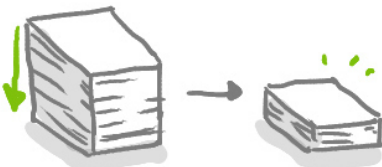

→ SHARED UNDERSTANDING ←

PRACTICAL USE

LEADER → DESIGN SESSION → ...

hm · no · yes

low-fidelity sketches · wireframes → SOLUTION

Design Studio

iterate

1 Problem Definition → 2 Individual idea generation → 3 · 4 redefine → IDEA
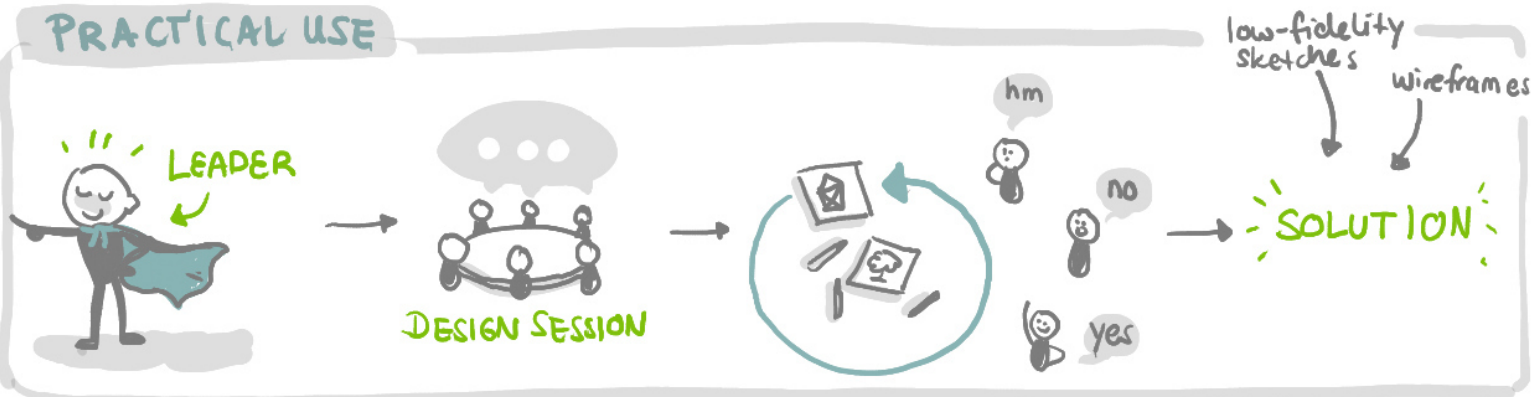

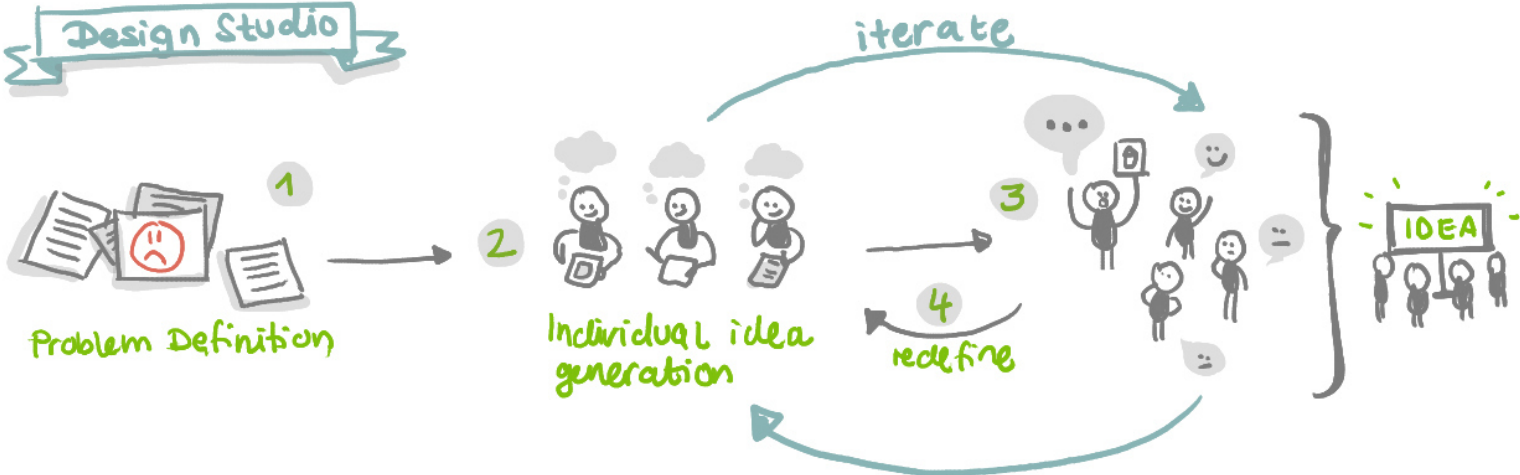

Where to **collect** all this stuff??
